President's Welcome

Welcome to the Annual Show Schedule for 2026

Welcome everyone to our 79th Annual Show Schedule.

2025 was another successful year for the Society. We have increased our membership to 240 with audiences of 60/70+ at our monthly talks and some changes to the Committee over the past 12 months.

Our Newsletter mailing list has also grown over the past year to 210 recipients and our Facebook page has 435 participants.

We had a successful coach outing to Scone Palace Garden Fair and Branklyn Gardens in May with a full coachload in attendance. This year we are heading for Kirklands Gardens in Saline, Fife plus the Japanese Gardens at Cowden just up the road.

My thanks, as ever, go to the committee of the Society, without whom we wouldn't function as well as we do. Very much a team effort from teas & coffees at our monthly meetings, monitoring our membership data base, covering all aspects of administration, organising our well-loved raffles to running our Annual Show every year. A special mention to Dr Alistair Marshall who has retired from committee this year after 50 years' service. We remember Alistair for his excellent exhibits at the Show, outstanding contribution to the Society and laterally for masterminding the Plant Sales over the past few years. We wish him well in his retirement.

Thanks also to our members, who support us and participate in all our organised events. Without you, there would be no Society.

Finally, it is our 80th Anniversary in 2027 and the programme of talks for 2026/27 will feature some of the best speakers from the last decade. Hopefully, also a special event in 2027, to commemorate the anniversary.

I hope we continue to see an upwards trend in both quality and quantity of exhibits at the Show and cordially invite you to "have a go" at entering. It can be fun and informative. I hope you have a successful gardening year and look forward to welcoming you on the 5th of September.

Tips and Hints for Exhibiting

How many times have you been to a Flower Show and said to yourself, *"I've got as good (or better) growing in my garden!"* Have you ever considered showing, but felt slightly intimidated by the exhibits on show? Does the name Horticultural Society frighten you? Fear not, look no further – we have a 10 point plan for you to blow away the mystique!

1) **Read the Schedule – carefully!!**

Know what is being asked for in the relevant classes which interest you.

2) **Note dates and times** – for receipt of entries, staging exhibits, times of judging, Show opening and closing for uplifting exhibits.

3) **Consider your entries** – complete the Entry form with care.

4) **Avoid making too many entries** –

(tell me about it!) Enter items you are reasonably sure you can stage well. Trying too much can be stressful.

5) **Prizes are not everything** – there is more honour in exhibiting well in a strongly contested class without winning a prize than getting a ticket where there is little or no competition. There is however also good educational value of a high standard exhibit in a poorly contested class.

It's not your fault if there are few entries.

6) **Encourage others** – you might know someone who is a successful grower of flowers or vegetables, an excellent baker or photographer or have children who could enjoy the involvement. Persuade them to 'have a go'.

7) **Allow ample time for staging** – avoid a last minute rush, when mistakes can be made. Show Stewards are always available to help you. Just ask.

8) **Pay attention to detail** – label entries if possible. Make sure entry cards are in position correctly at your exhibits and are the correct class. Note numbers of specimens required and pay attention to uniformity in exhibits.

9) **Be a sporting exhibitor** – the judge's decision, whatever it may be, should be accepted with good grace. Seek out answers to why your exhibit didn't win in a calm and patient manner. The Show convener will always help you here. Do this and you will achieve better results another time.

10) **Enjoy** – take pride and pleasure in your exhibits and in the words of our neighbouring Mearns Society:

Show what you grow, share what you know! I wish we had thought of that slogan!

Come on and have a go – we know you're good enough.
